PROFILE

				SUCCESS
			ACTION	
		PLAN		
		VISION		
GOAL				

Sia Pharma Pvt. Ltd. works with a team of dedicated enthusiasts whose aim is not just manufacturing pharmaceuticals but to give back something more to the society. This is why we consider corporate social responsibility a major part of our working.

We visualize to not only being a leading pharmaceutical company in Asia but we wish to achieve it with utmost social satisfaction. We like to grow by creating opportunities around for others and spreading the message of health and care across the world. Our motive is to invest our time, resources and energy in creating best in class pharmaceuticals that not only cure diseases but keep your health always good and going.

This is the reason that our "QUALITY" is mandated and supported by executive management and is coordinated by Quality Assurance, it is responsibility of everyone. It is monitored by a team responsible for Validation, GMP documentation, Self-audits, Training and Market complaints. We believe that customer satisfaction, in terms of quality, delivery and after sales service, is our first and foremost responsibility.

We are committed to constantly improve the quality standards of our product and services by implementation of cGMP, up-gradation in technology, imparting training to effectively adapt to newer technologies and high standard. Upgrade manufacturing technologies and continually improve quality to maintain cost leadership with a focus on environment friendly processes. We seek a future where we can become the most valued pharma partner in the World pharma fraternity through our continuous efforts in research, development and innovation in the widest range of pharma products.
